The Great Bend Chamber of Commerce
& Economic Development
2006 Annual Report

2006 proved to be a year of transition and re-structure. With the departure of the Executive Director of Great Bend's Downtown Development, Inc., the Board of Directors of the Great Bend Chamber of Commerce and Economic Development acknowledged this opportunity and made the decision to merge the Downtown organization into the Chamber of Commerce causing the restructure of staff and the Board of Directors. In addition, the by-laws were updated to reflect these changes.

The goal of the restructure was to build a team for professionals who provide quality services to the Chamber of Commerce members, are efficient with financial resources, and work with volunteers to position the Great Bend community for growth. The plan consisted of the following:

- Create a new Committee of the Great Bend Chamber of Commerce/Economic Development – Central Business District
- Chairman of the Central Business District committee to serve as a member of the Great Bend Chamber of Commerce Board of Directors
- Any member of the Great Bend Chamber of Commerce can serve on Central Business District committee
- Only Great Bend Chamber of Commerce memberships will be sold to businesses
- Committee will focus on beautification and infrastructure improvements of central business district
- Vice-President of Community and Membership Development will serve as staff liaison to the Central Business committee
- Committee members and staff will determine plan of action and marketing strategies for the committee

The new staff structure calls for the following positions:

- President/CEO
- Vice-President of Community and Membership Development
- Marketing & Communications Coordinator
- Office/Business Manager
- Sales Director (*part-time*)
- Event Coordinator (*as needed*)

The structure of the Board of Directors was also changed to reflect the addition of a representative from the newly created Central Business District. Several new Ex-Officio members were added to the Board of Directors (representatives from the Great Bend City Council, Barton County Commission, Kansas Legislative delegation, USD 428, Barton County Community College, and The Great Bend Ambassadors) to insure that partnerships and business relationship continue to exist.

These changes allow the organization to:

- Promote and improve the business climate of the community through **partnerships and services that encourage growth** and assist existing and new businesses in reaching their business goals
- Encourage the growth of existing industries and businesses and give all proper **assistance** to any new firm or individuals seeking to locate in Great Bend.
- **Preserve the competitive enterprise system** of business by creating a better understanding and appreciation of the importance of business people; **represent the business community** in city, county, state and national legislative and political affairs; **preventing or addressing issues which are detrimental to expansion and growth of business** and the community.
